
Professional Speaking

SDConsultants conducts professional speaking events on topics related to surveillance detection and its implementation for specific purposes. We also provide tailor-made lectures on SD as it relates to the client's specific needs. To request a professional speaking event, contact us by submitting a Request For professional Speaking Event Form. Current lecture topics include, but are not limited to:

- * Surveillance Detection: An Effective Early Warning System for Preventing Crime and Terrorism
- * Surveillance Detection in the Corporate Arena
- * Surveillance Detection: Real-time Intelligence
- * Surveillance Detection: Defining Vigilance and Protecting the Homeland
- * Surveillance Detection: Military Applications
- * Surveillance Detection: Protecting Schools from Violence
