

Training

EARN CPP/PSP RECERTIFICATION POINTS(Certificates are presented upon completion of training and are valid for recertification points for ASIS International's security certification programs) SDConsultants offers training on-location; we come to you. In addition, we conduct periodic surveillance detection courses in St. Louis, Missouri. Normally a one week course is sufficient for standing up a designated SD team or for training current security personnel in SD. Our courses include classroom instruction and field exercises. All training contracts are designed to meet the client's specific needs and criterion. Options include but are not limited to:

- SD Training for Executive Protection Teams
- Executives and Families
- SD Training for Security Management Personnel
- SD Training for U.S. Government/Military and U.S. Allied Countries
- SD Training for Individuals/Families (we train: average citizens, politicians, celebrities, and high-profile individuals and their families)
- SD Risk/Threat Assessment Training
